As a classic car enthusiast, I support proposal #H.B. 5461 and hope that you will also. It will help make it much easier to sell older vehicles currently without titles out-of-state, and will provide an additional revenue stream for the State. As long as the bill does not REQUIRE all cars to have a title to be sold or registered in CT, as some cars still might be difficult to obtain titles for depending on their known history. Thank you for your consideration.
